

Our true trophies line the sky, not a shelf.

Awards. They just feel good- especially when you've won 45 of them since 1990. They confirm that we do excellent work for our clients. But at the end of the day, it's our clients that shine brighter than anything we put on a shelf. Because since 1961, client satisfaction has been our true measure of success. Working closely with, and producing results for our clients is what earns us the biggest reward of all - respect.

CLIENT SATISFACTION. One more example of our 360-degree approach to design, and another reason we're the region's *most respected architectural firm.*
